- Personal website with own projects:

<https://pedrohqpersonalweb.neocities.org/>

SKILLS

- Good communication skills
- Working under pressure
- Problem solving

About me

I am a motivated and passionate professional. I am trained in many areas of videogame creation (programming, 2D/3D design and animation, storytelling and scripting...). My main focus has been 3D design and modelling. I consider myself to be adaptable, creative, detail-oriented and committed to delivering quality results. My goal is to use my knowledge and experience to contribute to my workplace and continue to grow professionally.
